THE MOVING THE NEEDLE WORKBOOK

**A Companion to the
Partnership Technology
Toolkit**

About this Workbook

This workbook is designed as a companion to the **Partnership Technology Toolkit**.

The worksheets on the following pages will support you and your team in action planning for ways you can move the needle toward Partnership in each of the nine areas discussed in Part 3 of the Toolkit.

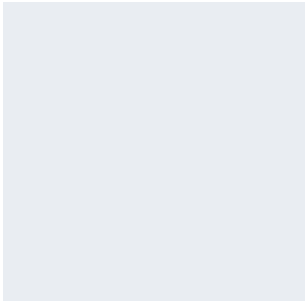

You can complete the worksheets digitally by typing into the interactive fields, then saving your changes. Or, you may prefer to print out the worksheets to write on manually.
